DIEGO
PREP
TRACK
&
FIELD
GUIDE**

SECOND EDITION

Compiled by RICK SMITH

This is a second attempt by the Evening Tribune to compile the best marks on record by high school track-and-field athletes in San Diego County. It does not stand as the final word, for there is none.

Because of the varying conditions in which track-and-field events are conducted, the tale of the tape or the timer's stopwatch cannot really provide the final answer. An athlete's worth, I think, can be judged by the quality of competition he faces and how well he does.

Since the first publication of this list appeared in 1965, it has been revised to a point that there has been at least a 75 percent turnover in performances.

And standards today will be passe a decade from now. Marks made 40 years ago would not stand up today, although in a relative sense the athletes probably were just as good as they are today.

Conditions change. Equipment and training procedures improve. Athletes are stronger, quicker, train longer.

Still, how does one judge the legality of a 24-foot, 11-inch long jump in an obscure dual meet? Was there more than the allowable 4.447 miles per hour wind behind the jumper? Was the landing pit lower than the takeoff board? In most cases, the coach will say heavens no, although in most cases he hasn't had time to check and must take the word of an unknowledgable student or disinterested faculty member.

With exception of the long jump, wind conditions have been checked as thoroughly as possible for the marks herein. In some events, several marks, including Armando Valencia's 4:07 mile and Terry Rogers' 4:12.2n, were thrown out when the track at Sweetwater High was found several yards short. Many medley and relay marks also were eliminated. The same happened when the Mount Miguel and El Capitan tracks were measured and came up short. City tracks, according to CIF, San Diego Section, Commissioner Don Clarkson, were surveyed and met all standards several years ago.

My thanks to the persons, particularly those coaches who tolerated many telephone calls, who helped make this book possible. Corrections and additions may be submitted to me at the Evening Tribune Sports Department.

☆ ☆ ☆ ☆

LEGEND: N—nonwinning. T—turn. Wind—wind-aided. H—heat. T—trials (in field events). Sp—special race not part of regularly-scheduled meet. HS—mark made in high school competition of a meet featuring athletes of other classifications.

☆ ☆ ☆ ☆

COVER: Tini Danielson, Chula Vista High, 1966. San Diego County's all-time prep track athlete. Second high schooler in history to better four minutes in the mile (3:59.4); one of all-time U.S. prep leaders in two-mile (8:55.4). In occasional attempts at 440 and 880, ran :50.2 and 1:53.2, respectively.

Art Arrangements by ERIC POULSON

ALL-TIME BEST PERFORMERS

A black and white photograph of a male high jumper, Jerry Culp, in mid-air over a bar. He is wearing a white singlet with a dark stripe across the chest and dark shorts. His body is arched over the bar, with his left leg extended forward and his right leg bent. His arms are outstretched, and his head is tucked down. The bar is supported by two stands, and the background is a dark, textured surface.

JERRY CULP
