1992

San Diego Prep Track & Field Guide

San Pasqual's Erin Blunt, 1991 Girls Athlete of the Year, and Escondido's Keith Williams, 1991 Boys Athlete of the Year. They both became San Diego's first state champions in the 300 hurdles.

1992 San Diego Prep Track & Field Guide

Expanded lists, new photos and updated records—they're all a part of the 1992 San Diego Prep Track and Field Guide.

For each of the past three years, numerous sources from interested fans to coaches to athletes themselves have helped fill in the many gaps that normally occur in a record book.

Tom Shanahan's 1991 list is deeper and more comprehensive than last year. Steve Brand's all-time list not only includes last year's performers, but another dozen from years past whose marks slipped through the cracks of time.

San Diego's unprecedented success at last year's state meet is chronicled.

A special thanks to the Union-Tribune Community Relations Department for its cooperation in producing this book.

All proceeds from the sale of this book will go to the San Diego County Track and Field Coaches' Association for the purpose of purchasing equipment that can be used for all high school invitational and section championship meets.

1991's Top Performances
Boys
100 meters
(fully automatic times only)

Mark	Name, School	Date, Meet
10.59	Darnay Scott, Kearny	5-25, CIF finals

Gookinaid E.R.G.

*Electrolyte Replacement with Glucose™

THE PROVEN ACTIVITY DRINK

PROVEN IN MORE THAN 20 YEARS OF TESTING AND USE to be the most effective activity drink available for sports, recreation and oral rehydration. Since its development in 1969, hundreds of thousands of athletes and other active people have successfully used **Gookinaid E.R.G.** to quickly and effectively replace vital fluids, minerals and blood-sugar levels without upsetting the stomach.

What about other activity drinks? Check the label; they have far too much salt, too much sugar (slowing absorption) and are so strongly-flavored that they upset the athlete's stomach. And "energy drinks"? They're fine for super-endurance events of four hours or more or for replacing carbohydrates after gruelling workouts but they empty from the stomach into the intestines where they have to be digested before they can be absorbed ... and you pay much more for the added complex glucose polymers.

Some clinical researchers have concluded that water is all an athlete needs in competition and training ... but the experiences of athletes show that plain water just does not do it. The balance of minerals, glucose and vitamin C in **Gookinaid E.R.G.** is far more effective in comfortable, rapid absorption directly from the stomach into the blood for maximum performance when pushing to exhaustion ... and for post-event recovery.

**TO DO YOUR BEST WHEN THE GOING IS TOUGH
... AND TO FEEL BETTER THE NEXT DAY ...**

at select sports, health food and drug stores ... or, for team orders:
